EXPERIENCE

Metro Education Academy Private Limited, Bharatpur, Nepal

Admission Officer

September 2023 – January 2025

- Advise students on courses, universities, and countries matching their profile.
- Help complete forms, gather documents (transcripts, SOPs, LORs), and meet deadlines.
- Coordinate with partner institutions to streamline admissions.
- Review and polish application materials to boost acceptance chances.
- Guide students through visas, scholarships, and pre-departure steps.

Dunot Developers Private Limited, Kathmandu, NP

Quality Assurance Officer

December 2020 – March 2023

- Developed and executed detailed test plans, test cases, and test scripts to ensure the quality of software applications.
- Collaborated with development teams to identify, document, and resolve software defects and inconsistencies
- Conducted regression, functional, and performance testing to verify system stability and performance.
- Understand project requirements, specifications, and user expectations.
- Develop test plans, test cases, and test scenarios based on project requirements.
- Collaborate with DevOps teams to integrate automated testing in CI/CD pipelines.

Techno Field Private Limited, Bharatpur, NP

Laravel Developer

December 2018 – March 2020

- Developed and maintained scalable web applications using Laravel (PHP) following MVC architecture.
- Designed and optimized MySQL/PostgreSQL databases, wrote efficient queries using Eloquent ORM.
- Built RESTful APIs for frontend/mobile integration and connected third-party APIs (payment/SMS).
- Fixed bugs, improved performance, and wrote unit tests (PHPUnit) for application reliability.
- Implemented authentication (JWT/OAuth) and security measures to prevent vulnerabilities.
- Collaborated with frontend teams (Vue.js/React) for full-stack feature implementation.
- Used Git, Docker, and DevOps tools for version control and deployment.

National Economic Census 2075, Ratnanagar, Nepal

Survey Enumerator

April 2018 – June 2018

- Gathered financial and operational data from various businesses, including shops, industries, and small enterprises.
- Ensured accurate data entry and classification by cross-checking information against existing records and guidelines.
- Assisted in the data compilation and preliminary analysis to support economic research and reporting objectives.
